Address: Cluj Napoca, Romania (Second Address)

ABOUT ME

Software Developer with a Bachelor's Degree in Informatics from U.M.F.S.T. George Emil Palade. International experience across Romania and Italy, currently based in Cluj-Napoca.

WORK EXPERIENCE

DANIELI ENGINEERING ROMANIA – CLUJ NAPOCA, ROMANIA

Business or Sector Other service activities | **Department** L2 Long Products | **Website** https://dca.it/

AUTOMATION ENGINEER – 01/01/2025 – CURRENT

Develop and maintain software solutions for industrial automation systems, ensuring functionality, performance, and reliability. I also collaborate closely with cross-functional teams, particularly L1 PLC developers, to deliver reliable and efficient automation solutions.

Key Responsibilities:

- **Develop custom features** based on client requirements;
- **Improve and enhance core solutions**;
- Design, develop and maintain **unit tests** to ensure software stability;
- Create and maintain comprehensive **documentation**:
  - Software reports;
  - Functional descriptions;
  - Operator manuals;
  - Interface specifications.
- **Version Control** (using Git and Azure DevOps).
- **Database Administration** (MS SQL, Oracle, and SQLite 3);
- Testing and product quality assurance.

Tools & Technologies:

- **Visual Studio 2022** (C++, C%);
- **MS SQL / DBeaver / Oracle Developer** (Database Clients);
- **Telerik Reporting**;
- Microsoft Office Suite;
- **Azure DevOps Suite:**
  - **Boards** – Managed issues and tracked project progress;
  - **Repositories** – Managed version control for seamless collaboration;
  - **Pipelines** – Automated software builds and testing processes.

DANIELI AUTOMATION S.P.A. – GENOVA, ITALY

Business or Sector Other service activities | **Department** L2 Long Products | **Website** https://www.dca.it/

JUNIOR SOFTWARE DEVELOPER – 14/02/2024 – 31/12/2025

QUADOM SOFT S.R.L. – TARGU MURES, ROMANIA

Business or Sector Arts, entertainment and recreation | **Website** https://quadom.com/

UNITY DEVELOPER – 01/09/2022 – 01/02/2024

As a Unity Developer my tasks include:

- **Game development** (based on client samples and pre-existing game framework);
- **Scripting and programming** (adapting particular functionalities);
- **Version control and collaboration**;
- **Testing and quality assurance**;
- **Game bugfixing and polishing**.
- **Documentation**.

I possess proficiency in various essential tools that further enhance my capabilities as a developer, such as:

- **Jira**, an issue and project tracking software;
- **Github and Fork**, version control systems, enables code management and collaboration;
- **Slack and Discord**, used for a smooth and effective team communication;
- **Teamcity and Jenkins**, used for build automation.

QUADOM SOFT S.R.L. – TARGU MURES, ROMANIA
